

Rapid Rocks!

Reprints Desk, Inc. joins RapidILL

The Rapid team is happy to announce that Reprints Desk, Inc will be coming soon as a document supplier in RapidILL.

Who is Reprints, Desk, Inc.?

Reprints Desk is a document delivery company that works directly with over 100 scientific, medical and technical publishers to supply copyrighted material from nearly 20,000 journals.

What is the benefit to Rapid?

As with any other document supplier in the Rapid system, using Reprints Desk will seamlessly fit into your workflow

Also, embargoed items not available to libraries are often available through Reprints Desk because they work directly with publishers. Many Rapid users

have shared with us their frustration with ejournal embargoes. Having Reprints Desk's "A-Z Academic Document Delivery Collection" as a Rapid document supplier will help improve that issue.

How can I use Reprints Desk in Rapid?

Simply contact the Rapid staff to let us know you'd like to add Reprints Desk to your available lenders and what your MaxCost will be. Unless you indicate otherwise, Reprints Desk will be added as your last supplier. (Requests will go through the Rapid libraries before querying Reprints Desk).

Once we have heard from you we will notify Reprints Desk of your interest and they will contact you to set up an account.

If you use another fee based service in Rapid, you can choose where your request goes first.

How much will using Reprints Desk cost?

There is a set \$5.00 service charge, **plus copyright** (which averages \$20-\$30). You can set a "MaxCost" amount.

NOTE: If your library belongs to a consortium that has special Reprints Desk pricing, that pricing will be honored for requests sent to Reprints via Rapid.

How will I be billed?

You will be billed monthly directly by Reprints Desk.

Contact the Rapid staff to add Reprints Desk to your available lenders and watch the Rapid lists for the start date of this service.
